

# Big-T<sup>®</sup> inboard steering

## Teleflex<sup>®</sup> MARINE

### BIG-T<sup>®</sup> SINGLE STATION SYSTEM

(Steering Wheel  
not included.)

# Big-T<sup>®</sup>

## Single Station System

*(3 turns lock-to-lock)*

**NEW VERSIONS OF TILT  
COMING SOON!  
(Contact Teleflex Marine  
for Details.)**

**NOTE:** When properly installed, this steering system will connect to engines with ABYC standard tilt tubes, using engine manufacturer's link arm. For other engines, see Steering Connection Kits section for options.

**The Original Teleflex Steering System!**  
For over 35 years, Big-T<sup>®</sup> has been the most durable, versatile mechanical steering system made, with both single and dual station capability. The heavy duty helm incorporates a strong steel pinion, dual diecast gears and meaty shaft bearing supports, all encased in a rugged gear housing. It's no wonder owners of small inboards have counted on the Teleflex Big-T since 1963!

## Applications:

Inboards to 34 feet with one engine. Also suitable for stern drive boats with power-assisted steering. Big-T systems accept steering wheels up to 20" diameter.

The type of system shown on these pages is for single station use. For dual station Big-T, please see the next two pages.

**Tilt<sup>™</sup>**  
STEERING  
available!

## Features:

- Available in single or dual station versions. (See next two pages for dual station version.)
- Responsive 3 turns from lock-to-lock.†
- Standard 3/4" round tapered steering shaft.
- Stainless steel cable output ends.
- 2-piece bezel for 90° or 20° helm mount to dash.
- Optional 1-piece 90° bezel for compact mounting.
- Uses Teleflex SSC72 type cable.‡
- Meets A.B.Y.C. standards.
- Meets N.M.M.A. certification requirements.

† 3.0 turns when all of standard steering cable travel is utilized.

‡ Dual station requires purchase of special cable. See following pages for Big-T dual station steering.
