CANtrak MOUNTING AND PROTECTIVE FRONT COVER OPTIONS

AT A GLANCE

- Standard Front Mount – Nylon studs and thumb nuts
- Rear / Flush Mounting Kit
- Trunion Mounting Kit
- Protective Covers

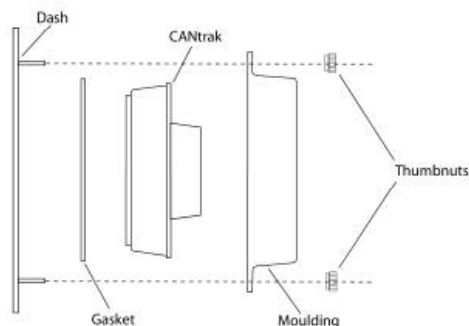

CANtrak™ is the perfect platform to empower your electronics with flexibility and control.

The CANtrak Models 2600 and 2610 are both supplied as standard with a front mounting kit, consisting of a set of nylon studs and thumbnuts. For alternative mounting options, see below.

REAR / FLUSH MOUNTING KIT

For CANtrak Models 2600 and 2610 to be mounted from the rear of a panel with a suitable cut-out, four studs need to be fixed to the rear of the panel. Note: these studs are not supplied. The rear mounting kit then clamps the display in place as shown below.

CANtrak MOUNTING AND FRONT COVER OPTIONS

TRUNION MOUNTING KIT:

This Stylish black finished and anodized Trunion Kit was purposely designed for the CANtrak Models 2600 and 2610 displays. The trunion bracket can be mounted horizontally in either a sitting (as shown below) or a hanging orientation. It can also be mounted vertically to a surface on either the left or the right side depending on the application.

Kongsberg Part Number: 930293

CANtrak PROTECTIVE COVERS:

In many CANtrak applications an additional layer of protection is required to protect the unit from outside elements. Kongsberg provides this option with our white push on protective covers. These covers can be purchased blank or can be custom manufactured with a product name or company logo for an additional charge.
